

WASHINGTON STATE
AUTONOMOUS VEHICLE
WORK GROUP

Licensing Subcommittee Report

October 2018

Subcommittee Structure and Membership

- Subcommittee Co-Chairs:
 - » Meghann McCann
 - » Drew Wilder
- Membership
 - » Around 20 voting members
 - » Around 10 non-voting participants
 - » Includes: Auto dealers and manufacturers, Tech industry representatives, Sub-agents and County auditors, Trucking, labor, and local government.

Meetings to Date

- Meeting 1: August 23 – discussed charter, subcommittee membership and co-chair and future topics
- Meeting 2: October 5 – UW presentation on certification in other states followed by discussion
- Upcoming Meeting: December 7

Major Subcommittee Discussion PointsBullet 2

- AV Testing Certification
 - UW School of Law presentation
 - Subcommittee discussion
 - What qualifies as testing? Does it include platooning?
 - How much data about testing should regulators have?
 - Reporting incidents, collisions, testing location, vehicle information?
 - Concerns about testing data being available to the public
 - Concerns about identifying AVs with a distinguished marking
 - Follow federal discussions and guidance
 - Ensure licensing correlates with other states for consistency
 - Public awareness is important
- Note: DOT Aviation request re: UAVs (drones)

Next Steps

- December 7, 2018
 - » Freight and platooning
