Americans with Disabilities Act (ADA) Information

Materials can be provided in alternative formats: large print, Braille, cassette tape, or on computer disk for people with disabilities by calling the Office of Equal Opportunity (OEO) at 360-705-7097. Persons who are deaf or hard of hearing may contact OEO through the Washington Relay Service at 7-1-1.

Title VI Statement to Public

WSDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program, you may contact the Department's Title VI Coordinator at 360-705-7098.

WSDOT/Eastern Region Overview

The Washington State Department of Transportation/Eastern Region is based in Spokane, Washington. We build and maintain the state-owned highway system over a seven county region in the northeast portion of the state.

Engineering and support services are located in Spokane. Engineers design and manage highway construction projects and inspect the work of private contractors to ensure that projects are built to specifications.

The Maintenance Division has four areas with offices in Spokane, Colfax, Davenport, and Colville. Maintenance crews are based in equipment sheds throughout the seven county region. Maintenance is responsible for the day-to-day upkeep of the system, as well as snow and ice control in the winter months.

Designing the North Spokane Corridor freeway.

Keeping an eye out for traffic problems at the Spokane Regional Transportation Center.

Inspecting the SR 25/Spokane River bridge.

WSDOT Crews must be ready to step in when disasters occur. SR 206 on Mt. Spokane.

The same roadway 10 days later.
