Sustainable Transportation

SUSTAINABLE TRANSPORTATION

Western supports sustainable transportation for students, faculty and staff through partnerships with WTA and other transportation-related community groups.

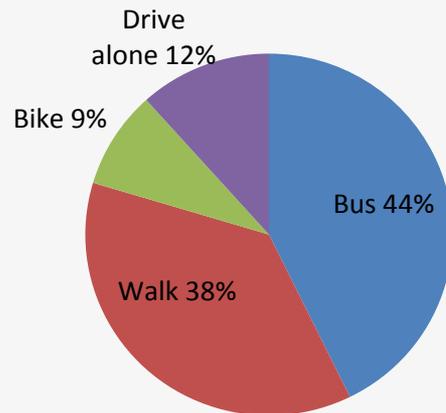

WWU Sustainable Transportation Office: **provides assistance to the community with alternative transportation information, supports Student Transportation, fulfills the requirements of the state Commute Trip Reduction Act and more.**

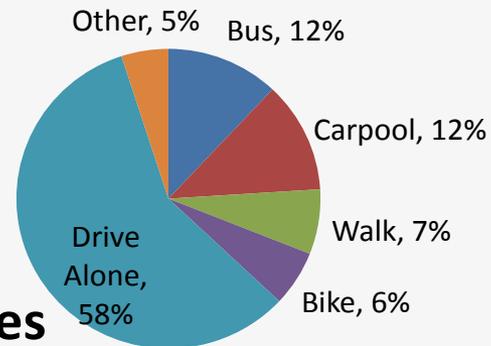

Getting to Western

Students

Primary Transportation Modes: **adds up to more than 100%, due to use of more than one mode in a typical week*

Opportunities and Needs for Support

- Continued and improved support for active transportation, transit, community connectivity and equitable access to education.
 - Smart Trips
 - Lincoln Creek Transportation Center
- Because of our partnerships, an investment in Whatcom County has a distinct multiplier effect.
- We need to have the state as an equal partner.

THANK YOU!
