

# Washington Transportation Plan 2035 – Phase 2

## WTP 2035 – One plan, two phases:

The Washington Transportation Plan 2035 is the 20 year blueprint for transportation investments in the State of Washington. The WTP is organized around the six transportation policy goals listed in RCW 47.04.280: Economic Vitality, Preservation, Safety, Mobility, Environment, and Stewardship. The WTP is being completed in two phases, described below.

- **Phase 1 – complete:**

This phase provides policy guidance and recommendations for all transportation modes. It was adopted by the Washington Transportation Commission in January 2015 and delivered to the governor and legislature. Phase 1 contains 11 key findings and 151 recommended actions.

- **Phase 2 – in process:**

This phase will produce a long-range statewide transportation plan that meets federal and state planning requirements for the development and implementation of the state's multimodal transportation system. That system includes public roads, ferries, public transportation, aviation, freight and passenger rail, ports, and bicycles and pedestrian facilities. Phase 2 will also implement the Governor's Executive Order 14-04: Washington Carbon Pollution Reduction and Clean Energy Action; which directs WSDOT to develop, adopt, and implement the multimodal, federally-compliant, long-range statewide transportation plan.

Phase 2 will also encompass the six goals of Results WSDOT, the agency's strategic plan. For more information on:

**Executive Order 14-04:**

**Results WSDOT:** [www.wsdot.wa.gov/Secretary/ResultsWSDOT.htm](http://www.wsdot.wa.gov/Secretary/ResultsWSDOT.htm)

**Community Engagement Plan:** [www.wsdot.wa.gov/planning/](http://www.wsdot.wa.gov/planning/)

## Community engagement:

WSDOT will solicit input from communities, underserved populations, tribes, planning partners, stakeholders, and the public throughout the Phase 2 process.

Recent community engagement activities include:

- March 2015: Reconvened the Phase 1 Steering Committee.
- Spring 2015: Developed project web page
- June 2015: Voice of Washington State survey conducted by the Transportation Commission and WSDOT.
- Development of Community Engagement Plan

*“WSDOT transportation strategies and investments should align with state environmental goals, air quality and water quality laws, and land use policies including the Growth Management Act, by supporting local efforts to site growth within existing Urban Growth Areas (UGAs) identified in compliant county and city comprehensive plans; encourage infill development in transit-supported corridors; and provide more transportation options.” – WTP 2035 p. 42*

**Title VI Notice to Public:** It is the Washington State Department of Transportation's (WSDOT) policy to assure that no person shall, on the grounds of race, color, national origin or sex, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participation in, be denied the benefits of, or be otherwise discriminated against under any of its federally funded programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with WSDOT's Office of Equal Opportunity (OEO). For additional information regarding Title VI complaint procedures and/or information regarding our non-discrimination obligations, please contact OEO's Title VI Coordinator at (360) 705-7082.
