PNWER Overview

PNWER is a statutory, public-private partnership chartered in 1991 by the U.S. States of Alaska, Washington, Oregon, Idaho, and Montana and the Canadian Provinces of British Columbia, Alberta, Saskatchewan, Yukon and Northwest Territories.

Mission: to increase the economic wellbeing and quality of life for all citizens of the region, while maintaining and enhancing our natural environment.

Transportation Co-Chairs: Bruce Agnew & Sen. Chuck Winder (ID)

Learning from our Northern Partners

CleanBC's Cleaner Transportation Strategy

- Bring down the price of clean vehicles
- Speed up the switch to cleaner fuels

CleanBC puts B.C. on a path for all new light duty car and truck sales to be ZeroEmission Vehicles (ZEVs) by 2040.

Canada's Asia Pacific Gateway bundled grade separation projects to streamline the process, saving time and taxpayer dollars.

REACHING OUR TARGETS

The industry, buildings and transportation initiatives laid out in this plan combine to reduce our emissions by 18.9 Mt, getting us 75% of the way to our 2030 climate targets.

Reductions to achieve 2030 target

The remaining 6.1 Mt in reductions will be achieved through initiatives identified over the next 18-24 months, including:

- reducing and making better use of waste,
- improving community planning, active transportation, and transit
- cleaner heavy-duty vehicles and freight
- significantly increasing industrial electrification,
- meeting our demand for clean electricity,
- maintaining a resilient agricultural sector,
- cleaner and more efficient technology.

Detailed agenda coming soon!

2020 - 2025 Development

- Region has the highest projected population growth in the US
- 6 major utilities with existing and new gas plant capabilities
- 14 major industrial facilities supplying PNW region with transportation fuels
- Ambitious decarbonization targets by each of the 5 states and its utilities
- Strategic large-scale salt cavern storage capability in Delta, UT
- **Goal: Develop projects in each key state supporting each utility's territory and regional vision collaboration**

30th PNWER Annual Summit

August 15-19, 2021
Big Sky, MT
