Public and Advisory Group Engagement

- **Meetings this cycle:**
 - March 31: Overview of process and initial issue identification. Update on COVID-related ridership and fare revenue changes.
 - May 6: Reviewed legislative language redefining vanpool requirements. Focused on fare options to meet legislature's fare revenue budget requirements.
 - May 25 and 26 – public comment solicited at online WSF public meetings
 - May 27 – Ferry Advisory Committee members meeting

WSDOT & WSF Policy Context

- **Overarching Agency Goals**

- Encourage mode shift, especially walk-on and bicycle ridership
- Promoting racial justice, equity, diversity and inclusion

- **Ferry Fare Specific Policy Goals**

- “CUBE” Policy – charging vehicles based on space taken
- Tariff Route Equity (TRE) – as a rule, fares should be based on distance of route, with a few travel shed exemptions
- Align policies with ORCA pass program partners when possible

Vehicle-Passenger Fare Ratio Trends

Legislature's Fare Revenue Requirement for 2021/2023

March Forecast Base Fare Revenue for Operations compared to 2.5% increase in Oct/Oct

	BASELINE – No Fare Increase		March Alt 1 - 2.5% INCREASE		DIFFERENCE	
	Revenue	Ridership	Revenue	Ridership	Revenue	Ridership
2021	\$142,725,000	14,651,000	\$142,725,000	14,651,000		
2022	\$171,842,000	19,363,000	\$174,358,000	19,305,000	\$2,516,000	(58,000)
2023	\$195,628,000	22,804,000	\$202,269,000	22,605,000	\$6,641,000	(199,000)
Total					\$9,157,000	(257,000)

- The transportation budget has \$9.2 million in additional operating revenue that will need to be generated with a general fare increase

Alternative 1 – 2.5% Applied to All Fares, October 2021 and 2022

Alternative 1 addresses the legislative fare revenue requirement, with all fares – passengers and vehicles increasing 2.5% in October/October of each year.

Alternative 2 – Passenger Fares Unchanged October 2021, Higher Vehicle Fares in Year 1

Alternative 2 assumes no passenger fare increase (0%) and a vehicle fare increase of 3.1% in the first year. In the second year, both passenger and vehicle fares would increase by 2.5%.

- Helps offset the downward trend in vehicle/passenger fares that resulted from the capital surcharge introduced in May 2020.
- Offsets the revenue loss from not increasing passenger fares in the first year.
- Encourages walk-on passengers which are still significantly below pre-pandemic levels.

Reasons for Alternative 2

- **Rationale:**

- Continue WSF and WSTC goals of further encouraging walk-ons and carpooling to make more efficient use of vessel capacity
- Offset the impacts of the May 2020 \$0.25 capital surcharge
- Lessen the impact to returning passengers to the system – category hit most hard by COVID
